SPECIAL COVID-19 NOTICE

All potential buyers are strongly advised to take advantage of their opportunities and obligations to conduct thorough due diligence and seek expert opinions as they may deem necessary, especially given the unpredictable changes resulting from the continuing COVID-19 pandemic. Marcus & Millichap has not been retained to perform, and cannot conduct, due diligence on behalf of any prospective purchaser. Marcus & Millichap's principal expertise is in marketing investment properties and acting as intermediaries between buyers and sellers. Marcus & Millichap and its investment professionals cannot and will not act as lawyers, accountants, contractors, or engineers. All potential buyers are admonished and advised to engage other professionals on legal issues, tax, regulatory, financial, and accounting matters, and for questions involving the property's physical condition or financial outlook. Projections and pro forma financial statements are not guarantees and, given the potential volatility created by COVID-19, all potential buyers should be comfortable with and rely solely on their own projections, analyses, and decision-making.

ALL PROPERTY SHOWINGS ARE BY APPOINTMENT ONLY. PLEASE CONSULT YOUR MARCUS & MILLICHAP AGENT FOR MORE DETAILS.

INVESTMENT OVERVIEW

Marcus & Millichap

- 100% Occupied, Income-Producing Multi-Tenant Industrial Property
- Month-to-Month Leases with Opportunity to Increase Rents to Pro-Forma
- Low Vacancy Rates and 1,250-Square-Foot Suites Allow for High Tenant Demand
 - Located in Dallas-Fort Worth Market with Values Projected to Increase

Marcus & Millichap is pleased to present the opportunity to acquire the property located at 1414 North Main Street in Duncanville, Texas. The subject property consists of approximately 15,000 square feet of warehouse space and is situated on 0.75 acres of land. The fully occupied asset features 12 1,250-square-foot suites. In addition to the suite sizes allowing for high tenant demand, the short lease terms in place provide a value-add opportunity to increase rents to pro forma. This income-producing property is situated within the Redbird Airport submarket in Dallas-Fort Worth, a market with valuations projected to increase.

Located southwest of the Dallas central business district, Redbird Airport is a secondary industrial submarket with 20.5 million square feet. The submarket largely consists of multi-tenant warehouses delivered from 1980 to 2000, followed by modern, single-tenant buildings. At 2.1 percent, the vacancy rate in Q4 2021 sits just 30 basis points above its all-time low and has remained below 5 percent since 2016. Conversely, market rents are rising at the fastest pace on record, up 8.6 percent year-over-year. Given that the average market rent in Redbird Airport trails the overall market by about 29 percent at \$5.25 per square-foot, rents have significant upside potential before matching competition. With only 444,900 square feet under construction, representing 2.2 percent of inventory, new supply will have minimum impact on vacancy rates and rent growth for the foreseeable future (CoStar). The Redbird Airport submarket offers investors a solid entryway or expansion into the nation's fastest-growing industrial market.

The Dallas-Fort Worth metroplex is the fourth-most populous metro in the nation, with an aggregate of more than 7.5 million residents. It is composed of 13 counties stretching nearly 10,000 square miles. The city of Dallas houses 1.3 million people, followed by Fort Worth with 800,000 residents. Strong job growth continually draws new residents to the region. To accommodate the additional traffic, the region's transportation network is evolving. Traffic flow is improved as freeways are expanded and miles are being added to tollways and turnpikes. The growth of the transportation network is vital to supporting commuters to the metros numerous corporations and growing industries. Dallas/Fort Worth's population growth in recent years ranks among the highest in the U.S. for a major metro. The Metroplex is home to 24 Fortune 500 companies and many regional headquarters, drawing workers and residents. The area's extensive network of rail and highways, along with the International Inland Port of Dallas, ensure its status as a distribution hub.

MARKET OVERVIEW

Marcus & Millichap

DALLAS TEXAS

The Dallas/Fort Worth Metroplex is the fourth-most populous metro in the nation, with an aggregate of nearly 7.7 million residents. It is composed of 13 counties stretching nearly 10,000 square miles. The city of Dallas houses 1.3 million people, followed by Fort Worth with 864,000 residents. Strong job gains continually draw new residents to the region. Recently, Collin and Denton counties have received the majority of growth. To accommodate the additional traffic, the region's transportation network is evolving. The expansion of the transportation network is vital to supporting the substantial developments in housing, retail and industrial, allowing commuters to access the metro's numerous corporations and expanding array of industries.

SUBSTANTIAL POPULATION GAINS

LARGE CORPORATE BASE

MAJOR DISTRIBUTION CENTER

METROPLEX GROWTH

ECONOMY

The Metroplex's temperate climate, no state income tax and a right-to-work labor policy attract employers. Dallas/Fort Worth is one of the nation's largest employment markets, with nearly 3.7 million jobs. The region is home to 25 Fortune 500 companies in a variety of sectors, including ExxonMobil, American Airlines Group, Southwest Airlines, Fluor, AT&T, Tenet Healthcare, Kimberly-Clark and D.R. Horton. The area is forecast to add jobs at an annual rate of 1.7 percent through 2025, more than triple the U.S. level. Economic expansion will be further fueled by a rise in financial services and high-tech companies.

TRANSPORTATION

The area is connected to the rest of the nation by way of Interstates 20, 30, 35, 45, 345, 635 and 820 and other major thoroughfares. DART, Dallas Area Rapid Transit, covers Dallas and 12 surrounding cities, and it consists of buses and a light-rail system. Freight-serving lines in the region include Union Pacific, BNSF and Kansas City Southern. BNSF is headquartered in Fort Worth. Trinity Railway Express and Amtrak provide passenger rail service. Via rail to Houston Port, and Highways 20 and 45, the International Inland Port of Dallas (IIPOD) connects the region to global markets and trade. Airports in the area are Dallas/Fort Worth International, Dallas Love Field, Fort Worth Alliance and 13 smaller airports. Alliance Global Logistics Hub is one of two intermodal facilities in Texas that connects road, rail and air.

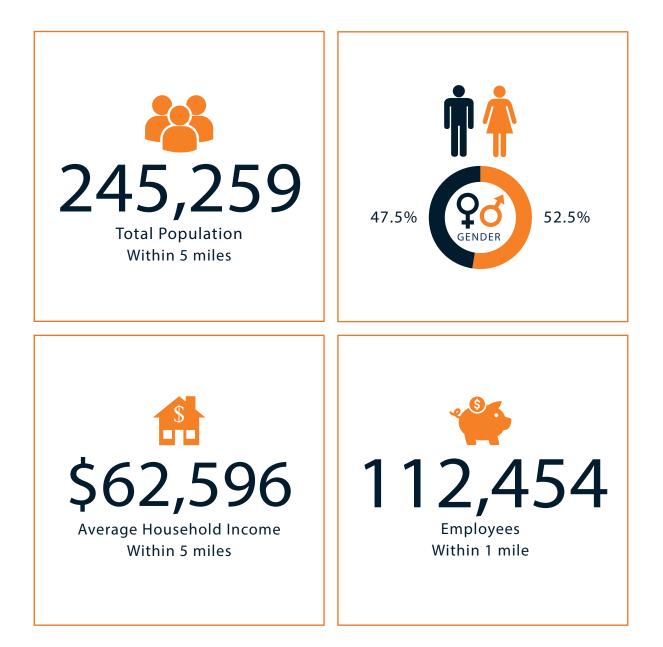

METROPLEX GROWTH

Roughly 671,400 new people are expected through 2025, fueled by robust job growth, natural increases and north-to-south migration. The Metroplex is projected to add 262,400 households during the same period, generating the need for additional housing options. A younger population resides in the Metroplex as indicated by a median age that is well below that of the U.S. An educated population provides a skilled labor pool and higher incomes. Almost 34 percent of residents age 25 and older have at least a bachelor's degree, compared with 31 percent for the nation. The median income is more than \$8,200 above the national level. During 2020, approximately 60 percent of residents owned their homes - slightly below the U.S. rate - providing a vibrant rental market.
