OFFERING SUMMARY

- Short-Term Lease in a Market with Minimal Available Space Provides Value-Add Opportunity
 - High Barrier-to-Entry Submarket, Virtually 0% Vacancy
 - 6,500-Square-Foot Outside Storage Area
 - Vacant Adjacent Lot Provides Opportunity to Expand Building or Storage Area
 - Property Below Replacement Cost for Comparable Property Given Material Costs
 - Extremely Accessible Location Only Five Minutes to 394 Expressway

Marcus & Millichap is pleased to present the opportunity to acquire the property located at 3239 Loverock Avenue in Steger, Illinois, occupied by the owner Seal Tight. The subject property consists of approximately 12,000 square feet of space and is situated on 1.18 acres of land. The asset features three grade-level doors, 20 parking spaces, and a 6,500-square-foot outside storage area. A vacant lot adjacent to the property provides an opportunity to expand the building or storage area. Given the recent rise in material prices, the asset is priced below replacement costs for comparable properties.

The property's location is extremely accessible, with Illinois Route 394 positioned just a five-minute drive away.

Upon sale of the property, Seal Tight will execute a short-term leaseback, creating a value-add opportunity in the Central Will submarket. With only 6.2 million square feet of industrial space in inventory, Central Will is a high barrier-to-entry submarket. Thanks to the help of no new deliveries over the last eight quarters, the vacancy rate has plummeted to just 0.1 percent in Q1 2022, representing a 20-year low. As a result of tight supply, market rent growth accelerated to an all-time high of 9.2 percent annually during this time. Given that there are no industrial projects currently underway, vacancy is expected to remain essentially non-existent and rent growth exceptionally high for the foreseeable future. At \$6.43-per-square-foot, the average market rent in Central Will provides tenants a 23 percent discount to the overall Chicago market (Costar). While small in size, the Central Will submarket undoubtedly offers strong investment fundamentals.

Known as the Greater Chicagoland area, Chicago-Naperville-Elgin is the third-largest metro in the nation. The metro houses 9.5 million people, including 2.7 million residents within the city of Chicago. The number of corporate headquarters in Chicago is second only to New York City and is home to 33 Fortune 500 companies. Thanks to eight commercial and passenger rail lines, the Port of Chicago, three international airports, and a vast network of freeways, Chicago is a major distribution and logistics hub. The local economy and workforce are highly diverse, supported largely by distribution, finance, manufacturing, and high-tech industries. As a multicultural city that thrives on the harmony and diversity of its neighborhoods,

Chicago boasts 100 neighborhoods, 77 community areas, 50 wards, and eight major league sports teams, including two MLB teams. Chicago is a leader in reforming public schools, enhancing public safety and security initiatives, providing affordable housing in attractive and economically sound communities, ensuring accessibility for all, and fostering, social, economic, and environmental sustainability (Chicago.gov).

SECTION 2

MARKET OVERVIEW

Marcus & Millichap

CHICAGO

ILLINOIS

Chicago-Naperville-Elgin is one of the largest metros in the nation. The Chicagoland area is bounded to the east by Lake Michigan, expands over a 5,000-square-mile region in northeastern Illinois and extends into Wisconsin and Indiana. The metro houses 9.5 million people and comprises 14 counties. The city of Chicago contains 2.7 million residents. The greatest growth during the past 20 years occurred in the western portion of the region. In recent years, however, businesses have been relocating back into the city to attract young workers, supporting the development of high-rise residential and office towers in downtown Chicago.

METROPLEX GROWTH

ECONOMY

The metro has one of the biggest economies in the nation, and is buoyed by its distribution, finance, manufacturing operations and growing high-tech sectors. Fortune 500 companies headquartered in the metro include Boeing, Walgreens, Allstate and McDonald's. The area is a major global tourist and convention destination. Typically, more than 50 million people visit the metro annually and support approximately 500,000 jobs in the leisure and hospitality sector. Although suppressed during the pandemic, visitations and employment are improving. Large tech firms, such as Amazon and Google, attract a wide array of startup companies. The workforce is considered one of the most diverse and well trained among major United States metros.

TRANSPORTATION

The region's transit network ranks among the largest and most efficient in the world. The vast network of freeways, centralized location, a large rail-truck intermodal facility and the Port of Chicago contribute to the metro's position as a major distribution and logistics hub. Chicago is the nation's top freight rail hub, with major carriers BNSF, Union Pacific, CSX and Norfolk Southern servicing the region. Amtrak routes originate from Union Station, while the Metra commuter rail and the Chicago L provide passenger service throughout the metro area and beyond. International airports include O'Hare, Midway and Gary/Chicago. Sixteen smaller airports also provide air service for the region.

METROPLEX GROWTH

Chicago is the third most populous metro in the U.S., with 9.5 million residents. During the next five years, the population is expected to remain steady. World-class education institutions, including Northwestern University and the University of Chicago, help provide a skilled labor pool. Nearly 37 percent of residents ages 25 and older hold a bachelor's degree, and of these, 14 percent have also earned a graduate or professional degree, which is well above the national level. Younger professionals moving to the market for employment provide a skilled workforce and contribute to a median age that is below that of the U.S. median, as well as a household income above the national level. More people are renting as thousands of new apartments are completed. The local homeownership at 64 percent is slightly above the national rate.
