Like most submarkets, rent growth in Rockwall has slowed this year but remains robust with an annual pace of 8.7 percent in Q3. While inventory growth was stagnant in the previous two years, Rockwall's strong fundamentals have attracted a sizeable amount of investment in 2023. Going into the fourth quarter, 306,120 square feet were delivered year-to-date, and 503,000 square feet were under construction, representing 8.1 percent of inventory (CoStar).

Traffic flow is improved as freeways are expanded and miles are being added to tollways and turnpikes. The growth of the transportation network is vital to supporting commuters to the metro's numerous corporations and growing industries. Dallas/ Fort Worth's population growth in recent years ranks among the highest in the U.S. for a major metro. The Metroplex is home to 24 Fortune 500 companies and many regional headquarters, drawing workers and residents. The area's extensive network of rail and highways, along with the International Inland Port of Dallas, ensure its status as a distribution hub.

MARKET OVERVIEW

Marcus & Millichap

DALLAS-FORT WORTH TEXAS

The Dallas-Fort Worth Metroplex is the fourth-most populous metro in the nation, with an aggregate of 7.9 million residents. It is composed of 13 counties, stretching nearly 10,000 square miles. The core cities of Dallas and Fort Worth house approximately 1.4 million and 990,000 residents, respectively. Strong corporate relocations and the resulting job gains continue to draw new residents to the region, which has added more than 315,000 more people since the onset of the COVID-19 health crisis. In keeping with historical trends, Collin and Denton counties have received the majority of growth. To accommodate the additional roadway traffic, the region's transportation network is continually evolving. The expansion of the transportation network is vital to supporting the substantial developments in housing, retail and industrial, allowing commuters to access the metro's numerous corporations and expanding array of industries.

METROPLEX GROWTH -

ECONOMY

The Metroplex's central location, temperate climate, no state income tax and a rightto-work labor policy attract employers. Dallas-Fort Worth is one of the nation's largest employment markets, with nearly 4.2 million jobs at the onset of 2023. The local labor force has doubled since 1990. The region is home to numerous Fortune 500 companies in a variety of sec-tors, including American Airlines Group, Southwest Airlines, Fluor, AT&T, Tenet Healthcare, Kimberly-Clark and D.R. Horton. The area is forecast to add the second-highest number of new positions in 2023, behind only New York. Economic expansion will be further fueled by a rise in financial services and high-tech companies.

METROPLEX GROWTH

TRANSPORTATION

The area is connected to the rest of the nation by way of Interstates 20, 30, 35, 45, 345, 635 and 820, along with other major thoroughfares. Dallas Area Rapid Transit covers Dallas and 12 surrounding cities, consisting of buses and a light rail system. Trinity Railway Express and Amtrak provide passenger rail service. Freight-serving lines in the region include Union Pacific, BNSF and Kansas City Southern. BNSF is headquartered in Fort Worth. Via rail to Houston Port, and Highways 20 and 45, the International Inland Port of Dallas connects the region to global markets and trade. Two airports that service passengers are Dallas/Fort Worth International and Dallas Love Field, while Fort Worth Alliance is the center of a major cargo alliance. There are also 13 smaller airports in the area. The Alliance Global Logistics Hub is one of two intermodal facilities in Texas that con-nects road, rail and air.

QUALITY OF LIFE

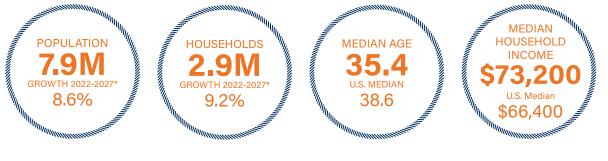

The Metroplex provides residents with an unparalleled lifestyle at a reasonable cost. The region continually ranks high for its affordability, when compared with other large metros. A temperate climate provides ample opportunities for outdoor enthusiasts to enjoy. The re-gion has many golf courses and activities at the metro's several reservoirs. Dallas-Fort Worth hosts professional teams in baseball, football, hockey and basketball. Numerous educational institutions contribute to a continued supply of educated workers. The University of Texas at Dallas, University of North Texas, Texas Woman's University, Den-ton, Southern Methodist University, Texas Christian University, and the University of Texas at Arlington are among the numerous higher education institutions in the region. Metroplex residents are proximate to nationally-recognized health centers, including Parkland Memo-rial Hospital, Baylor University Medical Center and Texas Health Harris Methodist Hospital Fort Worth. Four medical schools also contribute to Dallas-Fort Worth's excellent health care network.

METROPLEX GROWTH

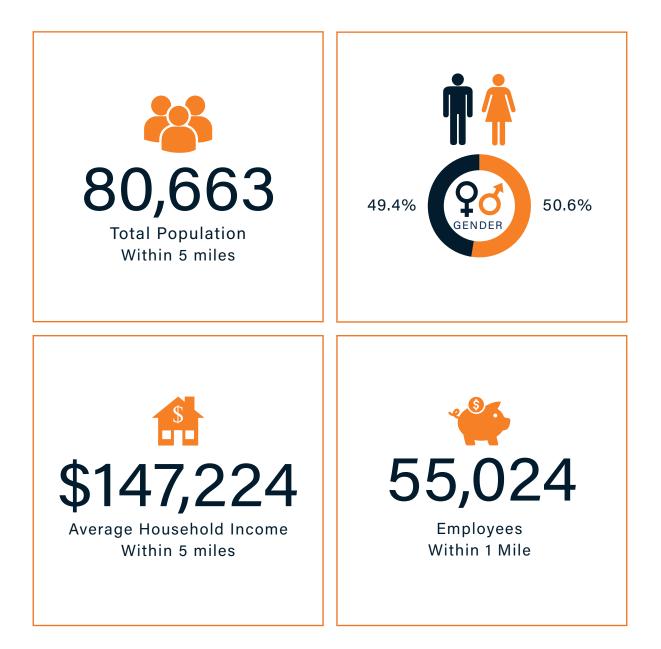

DEMOGRAPHICS

Roughly 679,400 new people are expected through 2027, fueled by robust job growth, natural increases and north-to-south migration. The Metroplex is projected to add 266,800 households during the same period, generating the need for additional housing options. A younger population resides in the Metroplex, indicated by a median age that is below that of the U.S. measure. An educated populace translates to a skilled labor pool and higher incomes. Almost 34 percent of residents ages 25 and older have at least a bachelor's degree, exceeding the U.S. average. The median income is \$6,800 above the national level. Given the market's younger median age, approximately 60 percent of residents owned their homes in 2020 — providing a vibrant rental market.
