NON-ENDORSEMENT NOTICE

Marcus & Millichap is not affiliated with, sponsored by, or endorsed by any commercial tenant or lessee identified in this marketing package. The presence of any corporation's logo or name is not intended to indicate or imply affiliation with, or sponsorship or endorsement by, said corporation of Marcus & Millichap, its affiliates or subsidiaries, or any agent, product, service, or commercial listing of Marcus & Millichap, and is solely included for the purpose of providing tenant lessee information about this listing to prospective customers. Activity ID: ZAD0060058

SPECIAL COVID-19 NOTICE

All potential buyers are strongly advised to take advantage of their opportunities and obligations to conduct thorough due diligence and seek expert opinions as they may deem necessary, especially given the unpredictable changes resulting from the continuing COVID-19 pandemic. Marcus & Millichap has not been retained to perform, and cannot conduct, due diligence on behalf of any prospective purchaser. Marcus & Millichap's principal expertise is in marketing investment properties and acting as intermediaries between buyers and sellers. Marcus & Millichap and its investment professionals cannot and will not act as lawyers, accountants, contractors, or engineers. All potential buyers are admonished and advised to engage other professionals on legal issues, tax, regulatory, financial, and accounting matters, and for questions involving the property's physical condition or financial outlook. Projections and pro forma financial statements are not guarantees and, given the potential volatility created by COVID-19, all potential buyers should be comfortable with and rely solely on their own projections, analyses, and decision-making.

The Texas Real Estate Commission (TREC) regulates real estate brokers and sales agents, real estate inspectors, home warranty companies, easement and right-of-way agents and timeshare interest providers. You can find more information and check the status of a license holder at www.trec.texas.gov. You can send a complaint against a license holder to TREC, a complaint form is available on the TREC website. TREC administers two recovery funds which may be used to satisfy a civil court judgment against a broker, sales agent, real estate inspector, or easement or right-of-way agent, if certain requirements are met. If you have questions or issues about the activities of a license holder, the complaint process or the recovery funds, please visit the website or contact TREC at:

INVESTMENT OVERVIEW

Marcus & Millichap

OFFERING SUMMARY -

- 6,298-Square-Foot Property on 0.63 Acres with High Visibility Frontage on West Interstate I-30
 - 100% HVAC Warehouse/Retail Flex Space Allowing for Diverse Uses
 - Immediate Owner-User/Lease-Up Opportunity
 - Recent Capital Expenditures Done to HVAC Units and TPO Roof
 - Located in High-Density Populated Area with Vacancy Down 5.2%

Marcus & Millichap is pleased to present the opportunity to acquire the property located at 336 West Interstate 30 in Garland, Texas. The subject property consists of approximately 6,298 square feet of warehouse space and is situated on 0.63 acres of land. The single-tenant asset features 15 parking spaces, a clear height of 14', one grade-level door, masonry construction, and three-phase power. With 800 square feet of flex space and a fully air-conditioned and heated warehouse, the property can accommodate a variety of uses. Recent capital expenditures were committed to the two HVAC units and the TPO roof installed in 2015. For sale as vacant, the property can be acquired for owner use or as a lease-up opportunity. The property has high visibility along the service road to Interstate 30 which flows directly into Downtown Dallas. Located in a highly densely populated area, the property is well positioned in the East Dallas/Mesquite industrial submarket.

Containing 30.6 million square feet, East Dallas/Mesquite maintains a sizable amount of industrial space. While the vacancy rate is at a relatively high level at 7.3 percent during the fourth quarter of 2023, availability is tighter than the overall Dallas-Fort Worth market which is sitting on an 8.0 percent vacancy rate. More importantly, unlike the national trend, vacancies in East Dallas/Mesquite have fallen by a noticeable 5.2 percentage points in the second half of 2023, thanks to a record 1.9 million square feet of net absorption in Q3. Despite the jump in demand, market rent growth has followed the national trend, slowing to 8.3 percent annually in Q4. However, rents continued to rise faster than the Consumer Price Index, averaging about \$9.0 per square feet in 2023. This time. Strong demand has attracted a record amount of new supply to East Dallas/Mesquite with deliveries estimated at 2.5 million square feet in 2023. During Q4, another 3.2 million square feet of industrial space was under construction, representing 10.5 percent of inventory (CoStar).

The Dallas-Fort Worth metroplex is the fourth-most populous metro in the nation, with an aggregate of more than 7.7 million residents. It is composed of 13 counties stretching nearly 10,000 square miles. The city of Dallas houses 1.3 million people, followed by Fort Worth with 919 thousand residents. Strong job growth continually draws new residents to the region. To accommodate the additional traffic, the region's transportation network is evolving. Traffic flow is improved as freeways are expanded and miles are being added to tollways and turnpikes. The growth of the transportation network is vital to supporting commuters to the metro's numerous corporations and growing industries. Dallas/Fort Worth's population growth in recent years ranks among the highest in the U.S. for a major metro. The Metroplex is home to 24 Fortune 500 companies and many regional headquarters, drawing workers and residents. The area's extensive network of rail and highways, along with the International Inland Port of Dallas, ensure its status as a distribution hub.

MARKET OVERVIEW

Marcus & Millichap

DALLAS-FORT WORTH TEXAS

The Dallas-Fort Worth Metroplex is the fourth-most populous metro in the nation, with an aggregate of 7.9 million residents. It is composed of 13 counties, stretching nearly 10,000 square miles. The core cities of Dallas and Fort Worth house approximately 1.4 million and 990,000 residents, respectively. Strong corporate relocations and the resulting job gains continue to draw new residents to the region, which has added more than 315,000 more people since the onset of the COVID-19 health crisis. In keeping with historical trends, Collin and Denton counties have received the majority of growth. To accommodate the additional roadway traffic, the region's transportation network is continually evolving. The expansion of the transportation network is vital to supporting the substantial developments in housing, retail and industrial, allowing commuters to access the metro's numerous corporations and expanding array of industries.

LARGE CORPORATE BASE

SUBSTANTIAL POPULATION GAINS

MAJOR DISTRIBUTION CENTER

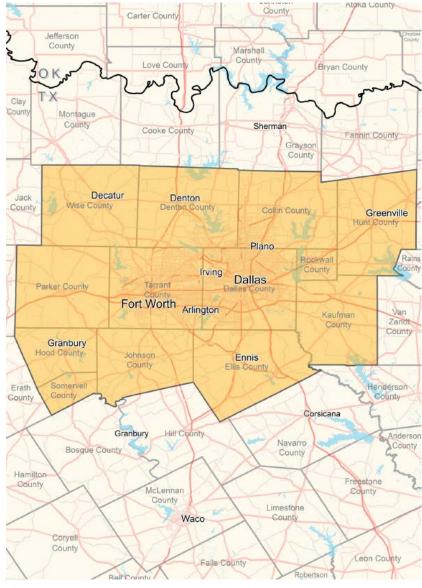

METROPLEX GROWTH -

ECONOMY

The Metroplex's central location, temperate climate, no state income tax and a rightto-work labor policy attract employers. Dallas-Fort Worth is one of the nation's largest employment markets, with nearly 4.2 million jobs at the onset of 2023. The local labor force has doubled since 1990. The region is home to numerous Fortune 500 companies in a variety of sec-tors, including American Airlines Group, Southwest Airlines, Fluor, AT&T, Tenet Healthcare, Kimberly-Clark and D.R. Horton. The area is forecast to add the second-highest number of new positions in 2023, behind only New York. Economic expansion will be further fueled by a rise in financial services and high-tech companies.

METROPLEX GROWTH

TRANSPORTATION

The area is connected to the rest of the nation by way of Interstates 20, 30, 35, 45, 345, 635 and 820, along with other major thoroughfares. Dallas Area Rapid Transit covers Dallas and 12 surrounding cities, consisting of buses and a light rail system. Trinity Railway Express and Amtrak provide passenger rail service. Freight-serving lines in the region include Union Pacific, BNSF and Kansas City Southern. BNSF is headquartered in Fort Worth. Via rail to Houston Port, and Highways 20 and 45, the International Inland Port of Dallas connects the region to global markets and trade. Two airports that service passengers are Dallas/Fort Worth International and Dallas Love Field, while Fort Worth Alliance is the center of a major cargo alliance. There are also 13 smaller airports in the area. The Alliance Global Logistics Hub is one of two intermodal facilities in Texas that con-nects road, rail and air.

QUALITY OF LIFE

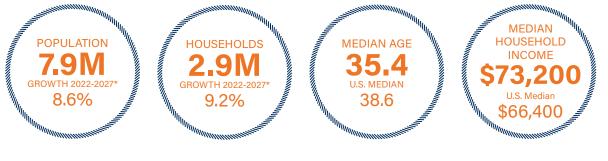

The Metroplex provides residents with an unparalleled lifestyle at a reasonable cost. The region continually ranks high for its affordability, when compared with other large metros. A temperate climate provides ample opportunities for outdoor enthusiasts to enjoy. The re-gion has many golf courses and activities at the metro's several reservoirs. Dallas-Fort Worth hosts professional teams in baseball, football, hockey and basketball. Numerous educational institutions contribute to a continued supply of educated workers. The University of Texas at Dallas, University of North Texas, Texas Woman's University, Den-ton, Southern Methodist University, Texas Christian University, and the University of Texas at Arlington are among the numerous higher education institutions in the region. Metroplex residents are proximate to nationally-recognized health centers, including Parkland Memo-rial Hospital, Baylor University Medical Center and Texas Health Harris Methodist Hospital Fort Worth. Four medical schools also contribute to Dallas-Fort Worth's excellent health care network.

METROPLEX GROWTH

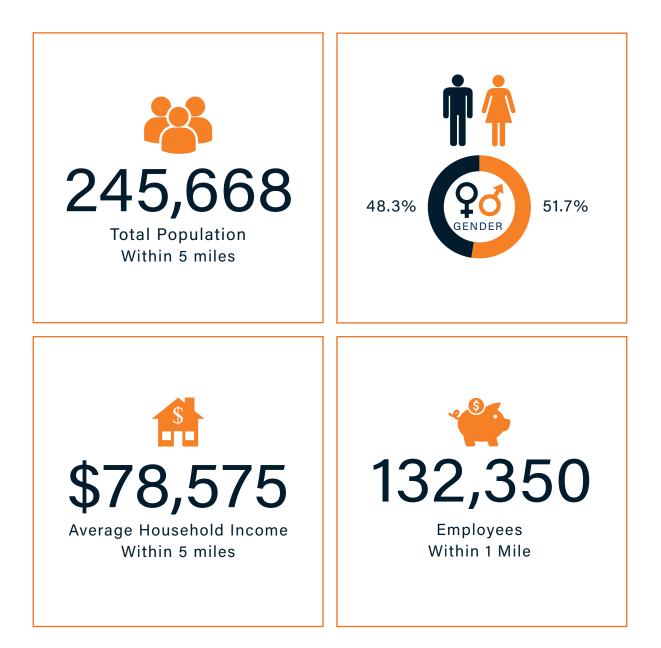

DEMOGRAPHICS

Roughly 679,400 new people are expected through 2027, fueled by robust job growth, natural increases and north-to-south migration. The Metroplex is projected to add 266,800 households during the same period, generating the need for additional housing options. A younger population resides in the Metroplex, indicated by a median age that is below that of the U.S. measure. An educated populace translates to a skilled labor pool and higher incomes. Almost 34 percent of residents ages 25 and older have at least a bachelor's degree, exceeding the U.S. average. The median income is \$6,800 above the national level. Given the market's younger median age, approximately 60 percent of residents owned their homes in 2020 — providing a vibrant rental market.
