 - 55.6 Million Square Feet of Industrial in Five Mile Radius

Marcus & Millichap is pleased to present the opportunity to acquire the property located at 1306 McKinley Avenue in Joliet, Illinois. This sale offers an ideal distribution, logistics, or IOS facility development opportunity in the Joliet Area. With 12 parcels of land, the property consists of 38.54 acres zoned I-2 and 17.76 acres zoned I-1. An environmental remediation was recently completed and a No Further Remediation (NFR) Letter is pending. This sale offers an ideal distribution and logistics development opportunity in the Joliet Area submarket thanks to both Interstate 80 and a Union Pacific intermodal hub sitting within three miles of the property.

Joliet Area is a massive submarket containing 109.9 million square feet of industrial space, half of which is concentrated in a five-mile radius of the property. The submarket has experienced a significant amount of growth over the last decade with inventory expanding by 79 percent. Big-box warehouses over 200,000 square feet dominate the Joliet Area submarket, accounting for 77 percent of inventory. Going into 2024, construction activity slowed to 2.8 million square feet, representing a 2.5 percent increase in supply. In 2023, the vacancy rate increased by 110 basis points to 5.1 percent as new supply outpaced a healthy level of demand but remained well below the 10-year average of 7.8 percent. Consequently, asking rent growth in the Joliet Area slowed to 7.4 percent last year but was 200 basis points higher than the annual average since 2014 (CoStar).

Known as the Greater Chicagoland area, Chicago-Naperville-Elgin is the third largest metro in the nation. The metro houses 9.5 million people, including 2.7 million residents within the city of Chicago. The number of corporate headquarters in Chicago is second only to New York City and is home to 33 Fortune 500 companies. Thanks to eight commercial and passenger rail lines, the Port of Chicago, three international airports, and a vast network of freeways, Chicago is a major distribution and logistics hub. The local economy and workforce are highly diverse, supported largely by distribution, finance, manufacturing, and high-tech industries. As a multicultural city that thrives on the harmony and diversity of its neighborhoods, Chicago boasts 100 neighborhoods, 77 community areas, 50 wards, and eight major league sports teams, including two MLB teams. Chicago is a leader in reforming public schools, enhancing public safety and security initiatives, providing affordable housing in attractive and economically sound communities, ensuring accessibility for all, and fostering, social, economic, and environmental sustainability (Chicago.gov).

MARKET OVERVIEW

CHICAGO

ILLINOIS

Chicago-Naperville-Elgin is one of the largest metros in the nation. The Chicagoland area is bounded to the east by Lake Michigan, expands over a 5,000-square-mile region in northeastern Illinois and extends into Wisconsin and Indiana. The metro houses 9.5 million people and comprises 14 counties. The city of Chicago contains 2.7 million residents. The greatest growth during the past 20 years occurred in the western portion of the region and was exemplified between 2020-2021. Since then, movement back into downtown Chicago is gaining headway as employers increasingly push for hybrid work schedules, while progressing tourism levels support activity in the urban core.

ECONOMY

The metro has one of the biggest economies in the nation, and is buoyed by its distribution, finance, manufacturing operations and growing high-technology sectors. Fortune 500 companies headquartered in the metro include Walgreens, Abbott Laboratories, Allstate and McDonald's. The area is a major global tourist and convention destination. Typically, more than 50 million people visit the metro annually and support nearly 500,000 jobs in the leisure and hospitality sector. Although suppressed during the pandemic, visitations and employment are improving. Large tech firms operating in the metro, such as Amazon and Google, attract a wide array of startup companies. Backed by some of the nation's more well-regarded universities, the workforce is considered one of the most diverse and well trained among major United States metros.

TRANSPORTATION

The region's transit network ranks among the largest and most efficient in the world. The vast network of freeways, centralized location, a large rail-truck intermodal facility and the Port of Chicago contribute to the metro's position as a major distribution and logistics hub. Chicago is the nation's top freight rail hub, with major carriers BNSF, Union Pacific, CSX and Norfolk Southern servicing the region. Amtrak routes originate from Union Station, while the Metra commuter rail and the Chicago L provide passenger service throughout the metro area and beyond. International airports include O'Hare, Midway and Gary/Chicago. Sixteen smaller airports also provide air service for the region.

QUALITY OF LIFE

The Chicago metro has something to offer to each of its residents and visitors, whether it is legendary blues and jazz music, cultural and educational venues, professional sports, dining, entertainment, shopping or recreational amenities. The Chicago area's relative affordability is largely due to its lower housing costs. The median home price is significantly less than in other cities of its size and is below that of many smaller cities, including Seattle and Denver. Cultural activities and artistic venues underpin the metro's cosmopolitan lifestyle. The region is home to various well-known museums, including the world-class Field Museum, Shedd Aquarium, the Museum of Science and Industry, the Art Institute of Chicago and Adler Planetarium. The theater scene rivals the world's best, and troupes, dance companies, symphony orchestras and music venues abound. Chicago is also home to the upcoming Obama Presidential Center, which broke ground in September 2021.

METROPLEX GROWTH

DEMOGRAPHICS

Chicago is the second-most populous metro in the U.S., with 9.5 million residents. During the next five years, the population is expected to remain steady. World-class education institutions, including Northwestern University and the University of Chicago, help provide a skilled labor pool. More than 40 percent of residents ages 25 and older hold a bachelor's degree, and of these, roughly 15 percent have also earned a graduate or professional degree, which is well above the national level. Younger professionals moving to the market for employment provide a skilled workforce and contribute to a median age that is slightly below that of the U.S. median, as well as a household income above the national level. More people are renting as thousands of new apartments are completed. The local home-ownership at 61 percent is slightly below the national rate.
