INVESTMENT OVERVIEW

Marcus & Millichap

- Multi-Tenant 78,917-Square-Foot Flex Industrial Asset Situated on 3.04 Acres
- Featuring Three Suits, 32' Clear Height, Three Dock Doors, Three Grade Doors, Heavy Power, and 77 Parking Spaces
 - Located in Close Proximity to I-90, Adjacent to O'Hare International Airport
 - Fully Occupied by ArtVidar Cabinetry, Woodface Company, and Royal Academy
 - Outperforming Submarket Vacancy Rate of 5.3% vs. 7.6% National Average

Marcus & Millichap is pleased to present the opportunity to acquire the property located at 2500 Touhy Avenue in Elk Grove Village, Illinois. The subject property consists of approximately 78,917 square feet of flex industrial space and is situated on 3.04 acres of land. The multi-tenant asset features three suites, a clear height up to 32, three dock-high doors, three grade-level doors, 82 parking spaces, and three-phase heavy power with 800 to 1,200 amps and 240 to 480 volts. Located adjacent to the Chicago O'Hare International Airport, the property sits only 0.6 miles from Interstate 90, which feeds directly into Downtown Chicago. Fully occupied at an average rent of \$8.56 per square foot, the asset is occupied by three tenants:

ArtVidar Cabinetry, Woodface Company, and Royal Academy of Dance.

The subject property is well-positioned within the O'Hare submarket, containing a massive 112.8 million square feet of industrial space. Toward the end of Q2 2025, net absorption in O'Hare contracted by about -823,000 square feet. With no industrial properties being delivered during that time, the vacancy rate increased by 80 basis points on the quarter to 5.3 percent, well below the national average of 7.6 percent (based on top 50 metros, classes A, B, & C, minimum 10,000 square feet). While O'Hare's annual rent growth has decelerated in recent years, like most markets, local rents have bucked the national trend since the beginning of the year, stabilizing at 4.4 percent in Q2. With less than 500,000 square feet under construction in O'Hare in Q2 (including no comparable projects between 50,000 and 100,000 square feet), supply will have a negligible impact on vacancies and rents for the foreseeable future (CoStar).

Known as the Greater Chicagoland area, Chicago-Naperville-Elgin is the third-largest metro in the nation. The metro houses 9.3 million people, including 2.7 million residents within the city of Chicago. The number of corporate headquarters in Chicago is second only to New York City and is home to 30 Fortune 500 companies. Thanks to eight commercial and passenger rail lines, the Port of Chicago, three international airports, and a vast network of freeways, Chicago is a major distribution and logistics hub. The local economy and workforce are highly diverse, supported largely by distribution, finance, manufacturing, and high-tech industries. As a multicultural city that thrives on the harmony and diversity of its neighborhoods, Chicago boasts 100 neighborhoods, 77 community areas, 50 wards, and eight major league sports teams, including two MLB teams. Chicago is a leader in reforming public schools, enhancing public safety and security initiatives, providing affordable housing in attractive and economically sound communities, ensuring accessibility for all, and fostering, social, economic, and environmental sustainability (Chicago.gov).

The Royal Academy of Dance (RAD) is a globally recognized leader in dance education and training, specializing in classical ballet. Established in London in 1920 as the Association of Teachers of Operatic Dancing in Great Britain, the RAD emerged from a collaboration of prominent European dance professionals seeking to elevate the standard of ballet teaching in the UK. The organization was granted its Royal Charter in 1936, marking its transformation into the Royal Academy of Dance.

Today, the RAD operates as one of the largest dance organizations in the world, with over 13,000 members in 85 countries and approximately 250,000 candidates entering its examinations each year. The Academy is renowned for its rigorous syllabus, internationally recognized examinations, and comprehensive teacher training programs. RAD exams are accredited by national qualifications regulators in the UK and recognized for university admission points.

The Academy's mission is to teach dancers the value of dedication, discipline, and hard work while instilling a love for the art of dance. RAD emphasizes not only technical excellence but also the development of life skills such as confidence, focus, and perseverance. Its programs cater to a wide range of ages and abilities, offering recreational classes, competitive teams, and professional training.

With a legacy of over a century, the Royal Academy of Dance continues to shape the future of dance education worldwide, upholding a reputation for excellence and a commitment to inspiring generations of dancers (Royal Academy).

MARKET OVERVIEW

Marcus & Millichap

CHICAGO

Chicago-Naperville-Elgin is one of the largest metros in the nation. The Chicagoland area is bounded to the east by Lake Michigan, expands over a 5,000-square-mile region in northeastern Illinois and extends into Wisconsin and Indiana. The metro houses 9.6 million people and comprises 14 counties. The city of Chicago contains 2.7 million residents. During the past 20 years, the greatest growth occurred in the western portion of the region and was exemplified between 2020-2021. Since then, movement back into downtown Chicago is gaining headway as employers increasingly push for in-person work attendance, while progressing tourism levels support activity in the urban core.

WEALTH OF INTELLECTUAL CAPITAL

LARGE, DIVERSE EMPLOYMENT BASE

ECONOMY

The metro has one of the biggest economies in the nation, and is buoyed by its distribution, finance, manufacturing operations and growing high-technology sectors. Fortune 500 companies headquartered in the metro include Walgreens, State Farm Insurance and McDonald's. The area is a major global tourist and convention destination. Typically, more than 50 million people visit the metro annually and support nearly 500,000 jobs in the leisure and hospitality sector. Although suppressed during the pandemic, visitations and employment have rebounded substantially. Large tech firms operating in the metro, such as Amazon and Google, attract a wide array of startup companies. Backed by some of the nation's more well-regarded universities, the workforce is considered one of the most diverse and well trained among major United States metros.

TRANSPORTATION

The region's transit network ranks among the largest and most efficient across the country, with the Chicago L spanning over 100 miles across the metro. The vast network of freeways, centralized location, a large rail-truck intermodal facility and the Port of Chicago contribute to the metro's position as a major distribution and logistics hub. Chicago is the nation's top freight rail hub, with major carriers BNSF, Union Pacific, CSX and Norfolk Southern servicing the region. Amtrak routes originate from Union Station, while the "L" serves the city of Chicago. The Metra commuter rail provides passenger service in the suburbs. International airports include O'Hare, Midway and Gary/Chicago. Sixteen smaller airports also provide air service for the region.

QUALITY OF LIFE

The Chicago metro has something to offer each of its residents and visitors, whether it is legendary blues and jazz music, cultural and educational venues, professional sports, dining, entertainment, shopping or recreational amenities. The Chicago area's relative affordability is largely due to its lower housing costs. The median home price is significantly less than in other cities of its size and is below that of many smaller cities, including Seattle and Denver. Cultural activities and artistic venues underpin the metro's cosmopolitan lifestyle. The region is home to various well-known museums, including the world-class Field Museum, Shedd Aquarium, the Museum of Science and Industry, the Art Institute of Chicago and Adler Planetarium. The theater scene rivals the world's best, and troupes, dance companies, symphony orchestras and music venues abound. Chicago is also home to the upcoming Obama Presidential Center, which is set to open in 2026.

DEMOGRAPHICS

Chicago is the second-most populous metro in the U.S., with 9.5 million residents. During the next five years, however, the population is expected to lower marginally. World-class education institutions, including Northwestern University and the Univer-sity of Chicago, help provide a skilled labor pool. More than 40 percent of residents ages 25 and older hold a bachelor's degree, and of these, roughly 15 percent have also earned a graduate or professional degree, which is well above the national level. Younger professionals moving to the market for employment provide a skilled work-force and contribute to a median age that is slightly below that of the U.S. median, as well as a household income above the national level. More people are renting as thousands of new apartments are completed. Local home-ownership is slightly below the national rate of 65 percent.
